SIR,

I have the honour to inform you that the front portion of the Sackespur Anglo-Vernacular school tumbled down on the 3rd August 1897 The necessity of selling the building and providing a new building on a higher site was pointed out in my letter No (2715/91) dated 22nd Sept 98 with which I forwarded a list of works urgently required, but to which Government have not yet favoured me with a reply In 1897-98 neither the work of repairs nor of reconstruction could be undertaken for want of funds The School is held now in two separate buildings, one of which is very unsuitable for School accommodation For the two rented buildings together a monthly rent of Rs 21 -0-0 is paid

4 & 5 No 4 of H.F 32-98 put up

Referring to correspondence ending with your endorsement no 327 H F 32 98 dated the 13th ultimo, I have the honour to report as follows regarding the proposal to transfer the old Anglo Vernacular School at Sakleshpur to the Forest Department

2 It appears that the District Forest Officer, Hassan, without any reference to or authority derived from me and without even reporting his action, requested

requested the President of the municipa-
-lity to secure the old building and
the attached land so that timber, fuel as
minor forest produce might be stored
there, the building also serving as the
local Forest Ranger's head quarters

3 The building is ruinous or in
a very bad state of repair, while the
site is frequently flooded in the rains.
The place therefore appears to me singular
-ly unsuited for the purpose for
which the District Forest Officer desired
to obtain it. I trust therefore that it
may not be transferred to this department

Your most obedient Servant

The Executive Engineer of the Hassan Division to whom a reference was made on the subject states that "the design was however for a school but from the records available in

his office it is not possible to state when and for what purpose the building was constructed". From a local inquiry made by the Deputy Inspector of Schools it is understood that the building was constructed and given over for the Education Department about the year 1870-71 during the times of Col Wilkenson the then Chief Engineer, Mr Dobbs, Executive Engineer of Hassan and Mr. Holdwell, Supervisor, No II Sub-Division, Sakleshpur. The popular impression is that the building was constructed solely for the accommodation of the Telugu Kannada School. The English school was first opened at Sakleshpur 1878
